

# Have Real Impact in Music Tech at Sounds

## Who we are

Sounds is a **social music platform** for musicians from around the world to collaboratively create music loops!  
By empowering musicians to build upon each other's creativity, we're fostering a **community-driven approach to music-making**.

## Your impact in music tech at Sounds

Music Feed &  
Recommendation  
Engine

Developing and  
Integrating VST  
Plugins and  
Optimising Audio  
Processing

Developing a Mobile  
App Extension for  
Sounds

And much more

## We're looking for someone with...

- ✓ ...solid coding experience and the will to learn new things
- ✓ ...passion for music or recommendation algorithms / scoring models
- ✓ ...C-level proficiency in either English or German
- ✓ ...great communication skills who wants to be part of a young and fast-paced startup

Contact us at: **[contact@sounds.net](mailto:contact@sounds.net)** and start right away!
