Make Real Impact in Music Tech at Sounts

Who we are 👥

Sounts is a social music platform for musicians from around the world to collaboratively create music loops!
By empowering musicians to build upon each other's creativity, we're fostering a community-driven approach to music-making.

Your IDP at Sounts

Build a unique AI Audio recognition tool. Develop an AI model with your team to analyze audio, identifying instruments, keys, chords, and notes. Combine music and machine learning to create a smart audio recognition tool.
