

Change the Future of Music Creation at Sounds

Who we are

Sounds is a **social music platform** for musicians from around the world to collaboratively create music loops!

By empowering musicians to build upon each other's creativity, we're fostering a **community-driven approach to music-making**.

Your impact at Sounds

Fundraising & Investor Relations:
Be part of securing our first funding round

Venture Development:
Establish B2B partnerships

Growth & Marketing:
Design and execute growth campaigns

And much more:
Tasks are constantly changing, so be prepared to adapt quickly

We're looking for someone with...

- ✓ ...strong analytical skills and a data-driven approach to decision-making.
- ✓ ...the ability to work autonomously and take ownership of tasks.
- ✓ a collaborative mindset and the ability to work well in a team.
- ✓ ...(optional) a background in computer science since we're a music tech startup.

Contact us at: **contact@sounds.net** and start right away!
