

TUM STUDENTS READY TO BUILD THE FUTURE OF AFRICA?

MAKE SURE YOUR **PROJECT STUDY** MATTERS.

You're **smart. ambitious.**

You want to **make a striking impact.**

Then make **your project study** count.

Get more than credits: Build **Startups** at the
Burkina Institute of Technology.

The **No.1 private tech university**
in Burkina Faso, Africa.

Founded by the **Stern Stewart Institute.**

Powered by **entrepreneurial minds.**

#1

We are the tech powerhouse in West Africa,
founded by the Stern Stewart Institute

6 MON THS

Flexible hours. We
trust you to do the
work: 6 months
part-time with room
for other courses
(Jan. to June)

TRA VEL

Fully immersive.
Nothing less.
Experience vibrant
Burkina Faso for
two weeks

TEAM WORK

Work in a stellar
team of 2-3 TUM
students

CRE ATE

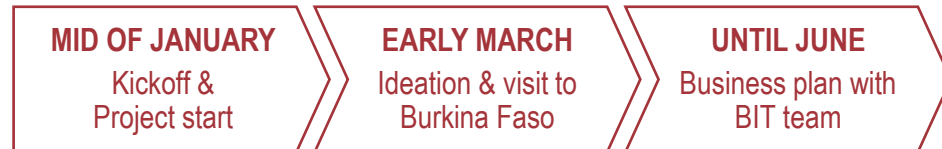

You work directly
with our students to
build successful
African startups

/ What will I do exactly?

You will become the **mentor** for a **startup accelerator team** of 2-3 students, actively shaping their business idea together. Based on a prior research phase you will become their expert to manage success.

/ How is it organized?

We will **brief you personally** on Burkina Faso, our expectations, timeline, logistics, and contact details in due time. For a first overview, check the timeline below. For optimal collaboration you will **join the team on-site in Burkina Faso** for two weeks (beginning of March) and continue to support them afterwards.

/ How is it financed?

We **cover your accommodation** in Burkina Faso. Flights and other travel expenses are **covered by you** - financing possible through available scholarships.

/ Ready to Join?

Apply until November 30th with your CV. You can apply **alone or as a team of 2-3**. We look forward to meeting you for a **short interview in December** (30 mins).

/ What you receive

A **fully TUM-accredited** next-gen project study in collaboration with **Prof. Dr. Holger Patzelt** and the Chair of Entrepreneurship. Additionally, our experienced team will offer sparring throughout the process, plus you get the chance to **secure a wildcard for our interview day** as a Consulting Intern.
