

Grounded in TUM's technological and entrepreneurial ecosystem, the TUM School of Management seeks to educate responsible talents and pursue relevant research to advance innovation-based businesses and societies in Germany, Europe and the world. At our Garching-based Entrepreneurship Research Institute (ERI), scientists from a variety of disciplines contribute to the groundbreaking work on how firms and individuals may introduce new technologies into the world through innovation and entrepreneurship. Our goal is to help develop this field and improve our understanding of innovative organizations, how they are structured, how they strategize, and how they may contribute to a more sustainable society and economy. To support is in these endeavors, the professorship for *Innovation and Organization Design* (Prof. Dr. Oliver Alexy) is currently looking for a

Student Assistant
(Wissenschaftliche / Studentische Hilfskraft)
for our Impact Winter School
(15-20 hours per week)

The goal of the impact winter school is to enable students to develop practice-oriented solutions to reach the UN Sustainable Development Goals by using technologies of the future, with this year's focus on Artificial Intelligence (AI). Its main component will be a 5-day design sprint in January 2023.

Primary Tasks:

- Internal and external partner management
- Management of external communication channels including social media
- Support in monitoring and evaluation
- General support in organizing and realizing the Impact Winter School, e.g. administration, accounting, data management, communication with participants

Prerequisites

- Bachelor or Master degree
- Fluency in English (spoken and written) and basic knowledge of German (reading and understanding)
- Sound Microsoft Office skills, good knowledge in current digital tools
- Willingness to work flexible hours and to work independently and reliably

Our offer

- A variety of compelling tasks within a professional, interdisciplinary, and international work environment
- Valuable insights into creating new and exciting teaching formats in impact-oriented entrepreneurship education and the (impact) entrepreneurship ecosystem in Munich
- A work contract until the end of March as student assistant, contract conditions depending on your degree

Applicants with disabilities will be given preference if their job aptitude is generally comparable. TUM is also aiming for a higher proportion of female students and employees. We therefore strongly encourage female students to apply for the offered job.

Application

Please send your application (cover letter and CV highlighting professional and academic experience, and a current transcript of records) ideally as a single PDF file to: julian.krauss@tum.de. Reviewing of applications will begin immediately and continue until the position is filled.
