Interdisciplinary Project (IDP)

ABOUT US

TrendMover is an early-stage start-up that is transforming the world of Venture Capital investments for Generation Z. By gamifying the process and facilitating meaningful exchanges between investors and start-ups, we're building a loyal community of like-minded individuals. Our mission is to make Venture Capital accessible to all, so that everyone can benefit from the opportunities it presents, regardless of their background.

WHAT WE ARE LOOKING FOR

We are on the lookout for talented young individuals who have knowledge in the following fields and seek to gain some real-world experience.

UI/UX designer
• Mobile application design

Frontend developer
