

## UX/UI Designer (m/f/d)

Join our movement and vision for cities without traffic jams, less CO2 and therefore better air and quality of life for everyone by creating a new mobility experience to support a sustainable lifestyle!

### You love to build products people love?

Are you an experienced UX/UI Designer with exquisite taste for building user centric products? Do you want to evolve and/or redesign our product? We're looking for you to be the voice of the user and drive the UX/UI decisions in a cross-functional team to ensure an outstanding user experience as well as usability, consistency, and continuity across our products.

You will envision how users experience our products and bring this vision to life with intuitive and easy-to-use product design. Expect to get hands on with state-of-the-art technologies in an agile environment and help us to create the mobility experience of the future with exciting and inspirational solutions.

### Responsibilities

- Collect and validate user feedback to transform complex business processes and technologies into simple products and user experiences while talking to users before implementation
- Create attractive user experience and interaction concepts for our B2B2C touchpoints
- Create exciting low and high-fidelity prototypes for industrial mobile, tablet and desktop applications
- Design modern user interfaces for our services (landingpage, webportal and app) and being responsible for our overall look and feel in all places (marketing campaigns, ...)
- Collaborate with product and marketing managers as well as software engineers to turn our customers into fans, focusing on user-centered design and processes

### Requirements

- 3+ years of design experience, working on web projects & mobile apps on various platforms and devices
- Bachelor's or Master's degree in Design (e.g. product, visual communication, graphic) or related fields
- Strong experience in interaction design and design thinking methodologies
- Advanced skills in Adobe Creative Suite (Indesign, Illustrator, Photoshop, After Effects), Sketch and Figma or similar tools

- Experience in quick prototyping skills is a big plus
- Knowledge in agile methodologies and tools is a plus
- Creative thinker and team-oriented personality, passionate for new technologies
- Excellent communication skills (verbal, written and visual)
- Skills in other design fields are a big plus: Product Design, Service Design, Branding, Motion Design, Design Research, etc.
- Fluent in German and English
- Fulltime, starting as soon as possible

## What's in for you

- An experienced, highly motivated and fun team to learn and grow together
- Have the flexibility to work from anywhere anytime: a great office, from home or even from the beach, we value work-life-balance to coordinate business, family and private stuff perfectly according your needs
- Of course you get a free Moovster Mobility Budget to get around
- JobRad is an additional attractive Employee Benefit we offer
- And all this greatness comes with an attractive compensation package

## Our mission

At Moovster, we want to solve urban mobility towards more sustainability by creating a new mobility experience and creating a win-win-win situation for cities, city dwellers and companies with a new mobility platform. A flexible mobility budget from the employer enables the use of all existing mobility services as a real alternative to the own car or company car. The Moovster App additionally rewards particularly sustainable mobility decisions with attractive rewards, similar to Miles-and-More. Founded in the heart of Munich, we are driven by changing the way people move in big cities around the globe.

## Our team

We are a highly motivated multicultural team with a passion for technology, mobility and a modern, sustainable lifestyle. We don't hesitate to disrupt anything previously seen and try to use data and customer insights as the basis of all our decisions. We are constantly getting our hands dirty, we are close to our customers and we want to grow as a team with one focus: Creating an outstanding customer experience – and we can't wait having you on board! Join the Moovster movement!

## About Moovster

Moovster, a spin-off from BMW, is a technology startup in the field of mobility and now ready to scale. We are collaborating with big technology companies like IBM and our portfolio of happy customers spans several DAX 30 companies as well as other big size companies yet.

We are an equal opportunity employer. We celebrate diversity and are committed to creating an inclusive environment for all employees. Diversity makes us better.
