

Announcement

Postdoctoral/Doctoral Position (TVL-13/14 50-100%)

“Sustainable Entrepreneurship or Informal Entrepreneurship”

The Chair of Corporate Sustainability at the Technical University of Munich (TUM School of Management) is looking for a Postdoctoral or Doctoral Researcher (50%-100%) starting from May 1, 2023. The contract period is 2 years (with the option of prolongation). For more information regarding the Chair of Corporate Sustainability, you may visit: <https://www.ie.mgt.tum.de/en/sustainability/chair/>.

The Chair offers:

- Interesting and relevant research on sustainable entrepreneurship or informal entrepreneurship;
- Stimulating research and working environment in one of the leading global universities;
- Salary according to TV-L up to E13/E14;
- Mobility grants for international research trips and conferences;
- A worldwide research and collaboration network.

Tasks include:

- Research in the field of sustainable entrepreneurship or informal entrepreneurship;
- Joint scientific publications in leading international entrepreneurship journals;
- Teaching at the Technical University of Munich;
- Engagement in the TUM SEED Center.

Job qualifications are:

- First-class master degree in management with a focus on entrepreneurship or related fields;
- Very good knowledge of and experience with empirical research methods;
- High interest in scientific working and writing;
- Excellent English and German language skills (written and verbal);
- Ability to work independently and self-responsibly in an open and constructive working environment.

If you are applying for a Postdoctoral Position, you are expected to hold a doctoral title and possess high level academic engagement (e.g., publications in leading entrepreneurship journals). As Postdoctoral researcher you will be involved in additional activities including co-supervision of doctoral students, research coordination as well as strategic planning within the TUM SEED Center (www.seed.tum.de).

The Technical University of Munich is a state university. The university seeks to increase the proportion of women in research and teaching. Disabled applicants with essentially identical qualifications will be given preferential consideration.

Please send your written application enclosing all relevant documents (cover letter, CV, copies of certificates, work references, and, if applicable, publications) addressed to Prof. Dr. Frank-Martin Belz **until March 20, 2023** as one pdf-file to **Mrs. Esther Salvi** (e-mail: esther.salvi@tum.de).

Note on data protection

When applying for a position at the Technical University of Munich (TUM), you submit personal data. Please refer to our data protection information in accordance with Article 13 of the General Data Protection Regulation (DSGVO) regarding the collection and processing of personal data as part of your application. By submitting your application, you confirm that you have taken note of the TUM data protection information.
