

We are hiring student assistants, for work with **TUM** Commission of Experts for Research and Innovation

We are looking for highly motivated student assistants who will support us with ongoing research at our Chair, starting ASAP, ideally in October 2025.

This is a unique opportunity: Prof. Henkel has recently been appointed to the [Expertenkommission Forschung und Innovation](#) (EFI), which advises the German Federal Government on research, innovation, and technological performance in Germany. You will contribute to high-level policy work on topics such as "AI in Europe".

Your responsibilities might include literature reviews, data searches, interview transcriptions, and quantitative analyses. You will also gain insights from other [ongoing research projects](#) at our Chair and occasionally support administrative tasks related to teaching.

We look forward to receiving your application!

Your profile

- Strong interest in innovation and technology management with curiosity for ongoing research
- Structured and independent working style
- Good skills in MS Office, and preferably Python
- Fluent in German and English

What's in it for you

- Insights into policy questions related to research and innovation
- Opportunity to expand your methodological skillset
- Integration into our highly motivated team
- Flexible working hours (typically 6-8 hours p. week)

Please send your application (CV, transcript of records) to pietro.fantini@tum.de by October 20, 2025.

We will assess applications as they come in.

Dr. Theo Schöller-
Stiftungslehrstuhl für
Technologie- und
Innovationsmanagement

Prof. Dr. Joachim Henkel

Location: Luisenstr.,
opposite #51

Postal address:
Arcisstraße 21
80333 München
