The Open Innovation Team (CT TIM VS) is looking for a Working Student (20h/week):

She/he will help to:

- Further develop a corporate Open Innovation Program
- Build a sustainable Open Innovation community to accelerate Open Innovation within Siemens
- Organize and conduct internal webcasts to inform and educate Siemens employees from all over the world, support Open Innovation initiatives such as Co-Creation Challenges
- Identify and facilitate various Open Innovation methods, gain insights into technology and innovation management on a corporate level

Your profile:

- Currently enrolled in Bachelor/Master in the following disciplines: Innovation Management, Communication Science, Business Administration, and Entrepreneurship.
- Solid Microsoft-Office skills (PowerPoint, Excel etc.)
- He/she should be open minded, have a visionary mindset, a hands-on mentality and enthusiasm when it comes to shape and build something from the ground

Die Zentralabteilung **Corporate Technology** (www.ct.siemens.com) nimmt mit ihren weltweit über 1.900 Forschern innerhalb der Forschung und Entwicklung von Siemens eine besondere Stellung ein: Sie wirkt als internationales Netzwerk der Kompetenzen und weltweit als Partner für Technologie und Innovationen

Innerhalb von Corporate Technology ist **Visioning & Scouting** Teil der Strategieabteilung **Technology & Innovation Management (TIM)**. TIM richtet den Blick in die technologische Zukunft und definiert Technologiethemen und -projekte für Corporate Technology und Siemens.
