Explore your strengths and contribute actively to the success of innovative and committed teams. It's about sharing ideas and your personal growth. Gore – to experience our culture, join us and become a part of it.

Internship Innovation Management (f/m)

Location: Feldkirchen-Westerham, Greater Munich
Job Number: 130450

We have a number of exciting topics in the area of innovation management for the winter term 2013/14. They provide a great opportunity for you to put into practice what you have learnt at university and at the same time to gain useful experience.

The right commitment...

'Consumer integrated innovation' is all about generating consumer insights and concepts for sports and leisure products and consistently involving consumers in various phases of the projects. You will explore and become acquainted with interesting topics by means of internet- and workshop-based research. You will collect research data, analyze the information and present the outcomes for strategy discussions with the team.

...for you:

- interest in finding innovative solutions to technical and strategic questions
- teamwork oriented, equally capable of driving projects on your own
- studying a technical subject such as business studies combined with engineering, plastics, textile or clothing engineering, or sports science
- analytical and structured work style
- ideally some experience in innovation management
- genuine interest in outdoor sports (snow, mountain sports, running, cycling, etc.)

What can you change?

We are looking forward to your ideas and your online application via our homepage.
