

We – the Chair of Prof. Henkel – are looking for motivated and dedicated student assistants

Your profile

- Strong interest in innovation and technology management
- Structured and autonomous working style

Your responsibilities

- Literature reviews, research on current topics related to ongoing research projects
- Support of qualitative and potentially quantitative data analysis
- Support of administrative tasks

Your benefits

- Practice relevant skills for your Master's thesis
- Insights into ongoing research projects on firms' value capture in collaborations and standard setting
- Integration in our young and motivated team
- Flexible working hours (typically 6-8 hours per week)

Please contact me, Katharina Tanimura (tanimura@wi.tum.de), if you want to apply (CV, certificates, current grade transcript, and motivational letter) or have any further questions.
